CellGate Mobile Users App

W460 Series

App User Guide

App Download

Icons for Android and Apple app stores:

| <u>Google Play (Android)</u> | <u>App Store (iPhone)</u> |

Google Play Store: Search "CellGate". Press the CellGate App logo and then press Install.
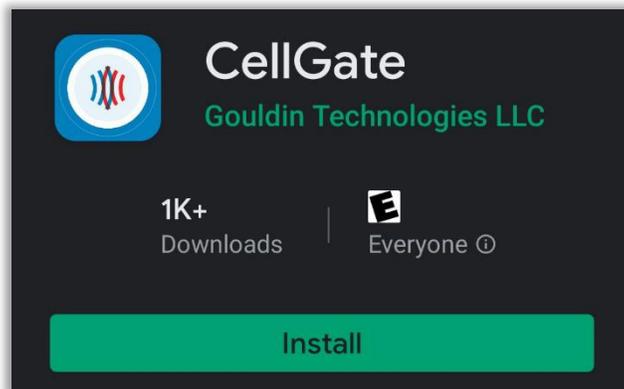

Apple App Store: Search "CellGate". Press Get or the cloud icon to download.
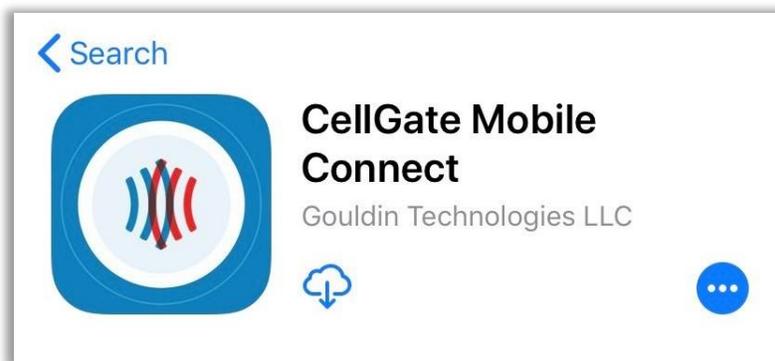

When you open the CellGate App, enter your login credentials and tap on the blue arrow.
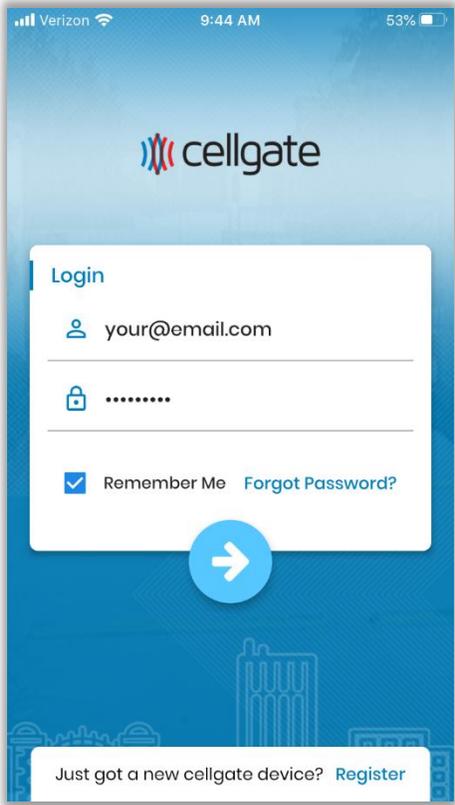

When you login, you will be navigated to the Standby Screen. You may close the app and will now receive calls when someone taps on your name at the unit.
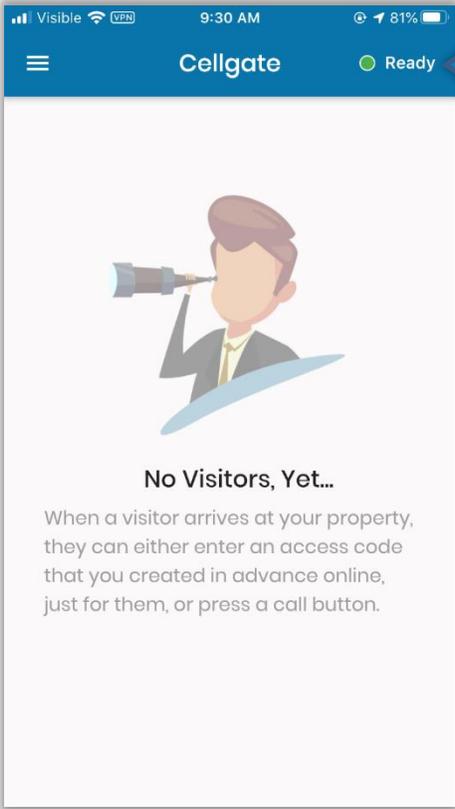

This symbol means you're ready to receive calls!

When someone taps on your name at the unit, follow the steps below to answer the call and open the gate.
